Failure to deliver goods in strict conformance with the terms and conditions of this contract will incur default action as provided for under Section 26 of the General Provisions. This includes timeliness of deliveries and quality levels of items received.

5. QUANTITY

Quantities shown for each line item are estimated and are the anticipated purchasing pattern. Actual purchases may vary from this pattern. The State will not be obligated to purchase contractors' excess inventory of any line item if actual purchases vary from the anticipated purchasing pattern. The State may purchase these items from other than the contractor in the event of an emergency.

6. CONTRACT DOLLAR VALUE

If the contract dollar value plus 40% is expended before the expiration date, the contractor shall notify the State contract administrator immediately. The contractor is responsible for providing a written notification along with providing all usage reports for justification.
